DISMUNE®

Complementary feed for all animal species

During the last 5 years, Dismune has proven to be the perfect Gut Health enhancer. Dismune is indicated for 0 to 12 days old chicks (starters and pre-starters broilers). Dismune is added to the feed at a concentration of 1kg per Ton of complete feed. Dismune prepares the intestines and the guts of the birds to increase their efficiency in assimilating feed nutrients.
